

# Let student learning take flight with **explora**<sup>™</sup>

## Teachers:

Did you know that your school library offers a fun, easy-to-use tool that helps students complete research and class assignments? And did you know that this tool also helps you find primary source documents, informational texts, and curriculum support materials? With *Explora*, both you and your students will discover reliable information on thousands of topics that cover a wide range of subjects and support STEM and STEAM initiatives.

### In addition, *Explora* offers the following:

- Simple search that quickly delivers relevant results
- Easy-to-browse categories organized by popular topic
- Topic overviews that provide students with a starting point for research
- Reading level indicators (Lexile<sup>®</sup> Measures) to help you find grade-appropriate content
- Text-to-Speech for HTML articles to assist auditory learners, struggling readers or those developing English-language proficiency
- Curriculum Standards Module to help you correlate EBSCO content quickly and easily to Common Core, state or provincial curriculum standards
- Google Drive and Google Classroom integration so you can quickly save and share content with students
- Citation tool to help students format references, as well as direct export to NoodleTools and other bibliographic management software platforms
